  - Will we require manufacturers to use new logo
  - Lengthen time for manufacturers to change packaging
  - Education and instruction regarding riled and regulations of labeling laws
  - Send out letter for 226 awareness
  - Add to change GPS Title 5 GCA, regarding mandate that requires GPS logo to be on ALL packages
  - Lower threshold of substantial transformation to 33% to create more economic opportunity and make manufacturing more competitive
- Lt. Governor will contact Senator Guthertz's office to request extension for 2 months
- Review Title 4 GCA, Chapter 12, Section 50207b
- What is a derivative?
  - Used as a noun – plural or singular only
- Open Discussion:
  - May not be a good idea, too easy to get around it
  - We can come close if we are allowed to use "economy of scale"
  - Include monochromatic option and color version of logo
  - We just can't break the barriers because there are so many loopholes
